\* Comment. The reported plant is an enterprise of the SAG Transmash. The production figures are somewhat higher than those given in reference report. The production of 50-ton and 75-ton railroad cranes has not been previously reported. According to the signatures printed on the invitation card Behrend (fnu) is still the operational manager. However, Hartmann (fnu) is listed as the cultural director. [redacted] Loebe (fnu) was the cultural director of the plant. 25X1X
